This charming cottage-style home graciously positioned on its level and beautifully landscaped lot is a painter's delight. Framed by majestic hardwoods & a wrap-around paved drive, the 1900 s-f home is surrounded by beautiful flowering shrubs & perennial gardens and features wonderful spaces inside & out, starting with the house-wide 3-season sunroom that welcomes you with its wall of windows showcasing pretty views of the sheltered cove through mature ash trees. An open plan Living/Dining area with propane fireplace extends to a cheery sun-soaked kitchen with adjoining laundry nook at the back of the house. Wide patio doors from the kitchen provide access to a sprawling back deck which basks in afternoon sunshine and enjoys late day sunsets over the fields behind the house -- the perfect venue for large family BBQs or quiet relaxation time with a cool drink or a good book...there's even a retractable awning to provide shade on those hot summer afternoons. Enjoy main level living with a good-sized Bedroom with 2-piece ensuite & walkin closet, plus a newly renovated 4-piece bath, all on the first floor. Upstairs, the second level is an open & inviting space. You could make the whole thing a lavish master suite (there's currently a 2-pc bath which could easily be expanded to full ensuite) but the versatile space could also serve as a family room, hobby room, home office, or all of the above. The expansive, high & dry basement is ideal for storage & workshop space, and if you need more, the matching wired garage across the drive is the answer. The .67 acre lot is just enough to not be a maintenance demand, yet sufficient to provide private spaces like the fire-pit patio & garden area tucked at the back of the property.
